The Good Pesto Sauce of Abruzzo!

The cooking creativity of our chefs from Villa Santa Maria has resulted in products which represent the natural evolution of the In-oil Preserves we propose in our San Tommaso range.

We want to suggest an alternative and non-conventional use of products marinated in Extra Virgin Olive Oil by proposing large grain pesto sauce which keeps the right texture among all ingredients within a unique harmony in taste.

New and yummy tastes springing from the creative flair of our **Chefs from Villa Santa Maria** which make our Pesto Sauce variety an absolute **cuisine novelty**. Unique delicatessen products that retain the original fragrance derived from the blend of **high-quality ingredients**.

San Tommaso ® Pesto Sauce proposes new recipes and, at the same time, simple processing of vegetables grown in Abruzzo, in order to provide our cuisine products with that ingredient en plus!

Our Pesto Sauce is ideal for dressing first dishes, preparing sandwiches as well as for embellishing traditional second dishes, such as boiled meat, roasts and cold dishes.
